USES AND DISCLOSURES OF HEALTH INFORMATION

This practice uses your health information primarily for treatment; conducting internal administrative activities and evaluating the quality of care that we provide. For example, we may use your personal health information to contact you to provide appointment reminders, or information about treatment alternatives or other health related benefits that could be of interest to you.

We may also use or disclose your personal health information without prior authorization for public health purposes, for auditing purposes and for emergencies. We also provide information when required by law.

In any other situation, our policy is to obtain your written authorization before disclosing your personal health information. If you provide us with a written authorization to release your information for any reason, you may later revoke that authorization to stop future disclosures at any time.

We may change our policy at any time. When Changes are made, a new Notice of Information Practices will be posted in the waiting room and patient exam areas and will be provided to you on your next visit. You may also request an updated copy of our Notice of Information Practices at any time.
